REFERENCE **conformity with Dodd-Frank Wall Street Reform and Consumer Protection Act,
H. R. 4173, Section 1502 on Conflict Minerals**

Dear Ladies and Gentlemen!

Thank you for your request.

We have been giving attention to this topic over the last years and are being faced with different kinds of questions and questionnaires. Since we are not able to handle all questionnaires individually, we want to confirm in writing:

- Our company is taking this issue very seriously and we are observing the worldwide developments.
- Regarding the four explicitly named minerals voestalpine BÖHLER Edelstahl GmbH & Co KG may only be affected by Tungsten.
- Based on the supplier commitments we confirm that we use Tungsten only from smelters listed as being RMAP conformant (formerly Conflict-Free Sourcing Initiative CFSI).

As a reputable and reliable company we are interested in maintaining long-term satisfactory partnerships. Please be assured that we will continue to observe further developments on this legislation.

If there are any questions, please don't hesitate to contact us.

Best regards,

voestalpine BÖHLER Edelstahl GmbH & Co KG

Michael Rotpart
Managing Directors

Walter Gröblinger
